

MOBILE SOY AWARENESS PROGRAM

SOY ON THE MOVE

PROJECT SPONSOR

THE SOYLUTION

- **Soy reaches beyond short-term feeding solutions, providing a longer-term, more sustainable solution. Growing and processing of soy provide communities the opportunity of gaining on the present deficiency of affordable high quality soy protein nutrition.**

How does Eden Social Development Foundation achieve this?

WHY SOY? HOW SOY? WOW SOY!

Eden Social Development Foundation

Mobile Soy Awareness Program

Why Soy? How Soy? Wow Soy!

Guarantee sustainable food security
Increase local small farmer soy production
Provide knowledge and training through the Mobile Soy Awareness Program

Domestic
Processing

Increase Small scale farmer soy
planting

Soy knowledge and training 1

Soy knowledge and training 2

Action:

Plant domestic soy gardens (1-2h/a) in communities

Action:

Extend existing small farm plant (30-40h/a) with commercial farmer mentoring

Action:

Implement On-site Mobile Soy Awareness Program

Action:

2 Day Workshops – Bergville

Outcomes:

1. Processing domestic kitchens
2. Available year-round protein
3. Immediate improved nutrition

Outcomes:

1. Micro agriprocessing business
2. Provide market for soybeans
3. Immediate improved nutrition

Outcomes:

1. Unified community input
